MADMEN IN MUTINY

Guards of the Dannemore Asylum Defied.

ONE OF THE INMATES KILLED

Frightful Night at Asylum Near Plattsburg, N. Y., When Inmates Mutinied and Barricaded Themselves in the Building.

Plattsburg, N. Y., Aug. 26.—For two hours Thursday night a mob of patients at the State hospital for the Criminal Insane, in Dannemore, fought off their guards, while others made a desperate attempt to force an exit from the building.

Not until one of the madmen had been shot and killed and the guards re-enforced by less violent inmates and villagers, was the outbreak suppressed and the patients again locked in their rooms.

Two large dormitories were wrecked, windows smashed, iron gratings were bent and walls damaged, where an effort to wrench the iron bars from fastenings had been made. The dead man was Isaac Dubois, who had been at the hospital only a short time. Convicted of larceny in the second degree, he was subsequently ordered to the state hospital.

The outbreak was planned with a good deal of cunning, and was carried out with reckless boldness.

All had been quiet among the 320 men in the institution, when at exactly 9 o'clock, and without any notice or signal having been given, almost all of the inmates, who had been lined up for retiring, rushed into two of the big dormitories and slammed the doors in the faces of the surprised guards, who rushed after them.

The madmen then barricaded the doors with beds and other furniture, and began a fierce assault upon the barred windows, evidently hoping to force all at once and thus obtain an easy avenue of escape.

A number of the less violently insane offered their assistance to the keepers and were enlisted.

The town people and guards from the prison were attracted by the terrific noise, and assisted materially, when, at 11 o'clock, the wardens made a series of assaults and finally forced the doors and overpowered the rioters.

This is the first and only outbreak of any sort since the opening of the hospital in 1900.

IMPORTANT SUIT.

Texas Seeks to Secure Damages to Amount of $1,100,000.

Chicago, Aug. 26.—A dispatch to the Tribune from Dallas, Tex., says one of the most important anti-trust suits started in Texas was filed at Austin Thursday.

The suit was filed by the attorney general's department in behalf of the state against the interstate Harvester company of America, which was organized under the laws of Wisconsin. The petition alleges that the defendant concern has violated the anti-trust law of Texas, and demands penalties in the sum of $1,100,000. It is further alleged that this concern has formed an unlawful combine with the following companies, McCormick Harvester company, Plano Manufacturing company, Warder, Bushnell & Glessener company, Minneapolis Harvester company, D. M. Osborne & Co., and Aultman Manufacturing company.

May Speak in Macon.

Macon, Ga., Aug. 26.—It is not altogether improbable that William Jennings Bryan will deliver a speech in Macon in November at the opening of the negro state fair. He has been asked to do so by the fair directors, and if he comes he will find some prominent Georgians present.

Asked to Take a Hand in Strike.

Charleston, S. C., Aug. 26—The Merchants' exchange has addressed a communication to Labor Commissioner Charles P. Neill, asking him to interfere in the strike of the telegraphers and improve the situation.

DANGEROUS SPIES.

In Commercial Telegraphers' Union Thinks Small.

Chicago, Ill., Aug. 26.—Dangerous spies are in the Commercial Telegraphers' union, according to President S. J. Small.

These spies are responsible for the present stampede strike, he charges, and also trying to cause a stampede of the railroad telegraphers.

"These spies are endeavoring to get us into as much trouble as possible," he said. "They manipulated things so that the stampede strike was begun and are now using every effort to spread the trouble to the railroad telegraphers."

The sensational statement of President Small placed a new light on the strike of the telegraphers and was said to demonstrate that the national officers had opposed the calling of the walkout.

Officials of the telegraph companies said that they were securing new men every day.

Relief Fund.

New York, Aug 26.—Facing the prospect of a long drawn-out struggle, the striking telegraphers have taken steps to build up their finances and furnish regular relief to any members of the union who may be in need. There was no sign of weakening on either side, and arbitration seems to be as far away as it was the day the telegraphers walked out. A communication from L. W. Quick, Grand Secretary and Treasurer of the Order of Railroad Telegraphers, was read to the strikers. It was an official call for a contribution of $1 from every working railroad telegrapher for the benefit of the striking commercial operators. The order has between 30,000 and 40,000 working members.

DROVE HER CRAZY.

Claimed Tillman's Speech Had Bad Effect on Indiana Woman.

Elkhart, Ind., Aug. 26.—The recent speech of Benjamin R. Tillman before the Chautauqua on "The Race Problem," is declared by the insanity commission that considered the case of Mrs. Alice G. Hani, wife of Dr. William F. Hani, responsible for her condition of "mild insanity."

Mrs. Hani has been regarded as "peculiar" for twenty years, but no pronounced symptoms of mental derangement manifested themselves until after Tillman's speech, which Mrs. Hani heard.

She talked continually of what the South Carolinian had said about the negroes and became involved in heated arguments with her husband over points in the address.

Last week she was found wandering around in the neighborhood muttering to herself. When her husband sought to induce her to return home she sarcastically called him "Tillman."

Frequently, when conversing with others, she would turn to her husband and address him as "Tillman."

Artist Sportsman Suicides.

New York, Aug. 26—Marion Story, society man, artist, yachtsman and horseman and brother of Julian Story, the former husband of Emma Eames, committed suicide in his country home near Portchester on the Sound. Mr. Story ended his life by a revolver shot, the bullet entering his right temple. He was alone in the library of his home, Blink Brook Farm, at the time. No cause is assigned for the suicide.

Died of Fright.

Danville, Ky., Aug. 26.—Mrs. Frank Kemper, a prominent church woman, was frightened to death while driving a wild horse which became unmanageable. Death came before she could be removed from the vehicle. She was enroute to the Baptist association, now in session at Beech Fork.

Biting Frost in North Dakota.

St. Paul, Minn., Aug. 26—A dispatch from Cando, in the northern part of North Dakota, tells of severe frosts in that section of the state, which did much damage to late grain, especially to flax, which has just commenced to blossom. All kinds of garden truck was cut down except potatoes.

1 KILLED, MANY HURT

Wrrck on the Birmingham Railroad at Johns, Ala.

IS A BRANCH OF THE L. & N.

While Train Was Running at a Good Rate of Speed Two of the Coaches Split a Switch and Were Turned Completely Over.

Birmingham, Ala., Aug. 26.—One passenger is dead and twelve severely injured as the result of a wreck of the Electon accommodation train on the Birmingham railroad, branch of the Louisville and Nashville, at John's Friday.

The train was making good speed when the last two coaches split a switch and were turned over completely.

The dead, James Smith.

The injured: Mrs. Gallagher, badly hurt about the head and may die. Mrs. Gary Tate, Miss Bessie White, W. A. Kirkpatrick, Mrs. N. M. Swinford, Miss Ruth Harker, Mrs. L. I. Crandall, E. I. Crandwell, Mrs. McBryer, Mrs. Cay Kennedy; J. R. Kennedy, Mrs. Hilbird.

Mrs Gallagher is the only one who is probably fatally hurt.

The others sustained bad bruises and sprained limbs.

FATAL PISTOL DUEL.

Marshal of Phenix City, Ala., Attempted to Arrest Man.

Columbus, Ga, Aug. 26.—Nearly a dozen shots were fired in a duel Friday night in Phenix City as a reslut of which two men were wounded, one of them perhaps seriously.

W. J. Vaughn, an ice dealer, went home drinking, and, according to reports, ran his family out of the house. Marshal W. H. Speir heard the outcry and ran to the scene, accompanied by Will Hightower, a young man.

Just as he started to enter the house Vaughn jerked out a pistol and began firing at him. In the struggle that followed the marshal fell off the porch.

Hightower, who had prudently stepped aside when the firing began, thought the marshal was dead and started to investigate, and as he stepped out into the bright moonlight Vaughn fired at him, the bullet grazing his cheek and producing a slight wound. In the meantime the marshal arose from the ground and began emptying his revolver at Vaughn. About ten shots were fired and Vaughn was struck in the head. The marshal was not injured.

It is believed that Vaughn's wounds will prove fatal.

DENIES THE MARRIAGE.

Girl Would Save Man From Charge of Bigamy.

Savannah, Ga., Aug. 26.—Declaring that she loves Owen E. Mock, and would follow him to the end of the world and back again, pretty 19-year-old Willie Mitchell, of Isle of Hope, near here, insists that she did not marry him in Charleston in July, despite the statement of Magistrate Rouse, of that city, that he performed the wedding ceremony, and despite the girl's claiming to her mother and brother upon their return that they had been married.

Mock has a wife at Swainsboro, who was Miss Carrie Renkle. It was to save Mock that Willie Mitchell swore in the recorder's court that she was not married to him.

Mrs. Mitchell had laid a charge of bigamy against Mock.

The outcome of the case is awaited with much interest.

Prodigal Son Forgiven.

New York, Aug. 26.—Alonzo Zelaya, son of the president of Nicaraga, who became estranged from his father because of his marriage to Miss Stella Baker, of Washington, daughter of a government clerk, has arrived here with his bride on his way home to Managua. There has been a reconciliation between father and son. The Nicaraguan chief of state has forgiven the prodigal and asked him to come home.

ROADS TO OBEY STATE.

Rumored that Alabama Will Win the Fight Without Contest.

Montgomery, Ala., Aug. 26.—There has been a persistent rumor in the city that the railroads that are now out will come in and accept the laws of the state, putting them into effect at once, as has the Southern and several other lines.

It was also reported that Milton H. Smith, president of the Louisville & Nashville railroad, has indicated to Governor B. B. Comer that he desired to have a talk with him over the situation. An officer of the Western of Alabama is said to have been in conference with the state officers this week, and a leading member of the staff of the Central of Georgia was seen in the office of the executive Friday.

Governor Comer was out of the city and could not be seen to affirm or deny the reports. Attorney General Garber said he had nothing he could say about the report as to Mr. Smith, nor with regard to the roads now out, other than to express his entire confidence that there would be a settlement with all of them before the first of October, the date which was fixed by the governor for the last man to be in.

Mr. Garber said that the situation with regard to the state was pleasing and he felt so well about it that he will leave Monday for his vacation.

BONDHOLDERS WILL APPEAL.

Holders of Third Income Central Bonds Dissatisfied.

Savannah, Ga., Aug. 26.—It is stated here that appeal will be taken by the holders of the third preferred income bonds of the Central of Georgia railway from the decision of the directors of the company at Macon Friday, cutting them off from participation in the earnings of the company. Dividends were declared on the first and second preferred, but none on the third issue. The contention of the bondholders is that earnings have been spent illegally and in the mortgage protecting the bondholders.

It is contended that the railroad really earned the full $750,000 required to pay the full dividends on all the three issues. It is claimed that the profits on the Ocean Steamship company belong to the Central railway. The bookkeeping does not so show them. Formerly, it is said, the steamship company's earnings were included among those of the railroad.

ANGERED MRS. HAYES.

Copy of Proclamation Was Ordered Taken Down.

Colorado Springs, Colo., Aug. 26.—When Mrs. Margaret Howell Jefferson Davis Hayes, daughter of the president of the confederacy, learned that a member of the fighting Fifteenth Pennsylvania cavalry, attending the reunion here, had hung on the walls of the Antlers hotel a copy of the proclamation offering a reward of $300,000 for the arrest of her father and other confederate leaders for alleged complicity in the assassination of President Lincoln, she immediately raised a protest to General Wm. J. Palmer, the president of the reunion.

Before her protest had been received, however, General Palmer had heard of the proclamation and ordered that it be taken down, out of deference to Mrs. Hayes, who is the wife of J. A. Hayes, a banker in Colorado Springs.

$50,000 Fertilizer Factory.

Madison, Ga., Aug. 26—The Madison Fertilizer company has increased its capital stock to $50,000 and a large plant will be erected this fall on the outskirts of the city. This company has been in business only two years, yet its output has increased so rapidly that it was found necessary to erect a plant sufficient to meet all future needs.

Trial Set for Monday.

Lexington, Ky., Aug. 26.—The trial of Elbert Hargis, John Abner and Bill Britton, charged with the assassination of Dr. B. D. Cox, at Jackson, Breathitt county, on April 13, 1902, will be called at Sandy Hook, Elliot county, on Monday by Special Judge W. B. Moody.

FREE-FOR-ALL FIGHT

Kentuckians Engage in Lively Gun Play.

ONE WOMAN REPORTED SHOT

Constable, Who Had Attempted to Quell Disturbance Near the Fair Grounds at Barbourville, Was Shot Dead in His Tracks.

London, Ky., Aug. 26—News has been received here of a free-for-all gun fight near the Knox county fair grounds at Barbourville, in which two men were fatally shot and three other persons, one woman, badly wounded.

Constable L. R. Campbell, was sought to quell the disturbance, was shot dead.

Edward Smith died of his wounds Thursday. John Warren is seriously hurt, and may die. Ralph Tuttle, a policeman, is in a serious condition. Warren's mother, with a babe at her breast, was shot through one arm, and the member was amputated.

The only arrest is that of John Bailey, who is charged with having fired the bullet that killed Constable Campbell. Nearly all of the fighters who escaped unharmed have fled into the country.

CROOKS IN DRAGNET.

Chicago Police Ridding City of Many Criminals.

Chicago, Aug. 26.—The Chicago police rounded out a day of work against criminals Thursday by landing a hold-up man just after he had robbed a citizen, and by capturing the robber's companion.

Thomas Kelly, who had a record of crime, was the man who was killed. His slayer was Policeman Patrick Fee. Kelly had held up Miss O'Neill, a steam fitter.

Earlier in the day police had put actively to work to rid the city of crooks, and as a result more than twenty thieves and pickpockets, many of them criminals of international reputation, were shown to the detectives in the central bureau at the nightly line-up.

It was the result of the first day's work of four squads of picked men sent out to rid Chicago of its recent influx of criminals. This force of criminals is to be kept up, Acting Chief Shippy, and is to be extended to other sections of the city.

KEEPS TAB ON TRAIN CREW.

Northwestern Adopts Device Which Records Speed.

Chicago, Aug. 26.—The management of the Chicago and Northwestern railroad is experimenting with a German speedometer and expects to adopt it for general use on all the trains. Unlike the speedometer now in use on the Burlington, the German invention is placed, instead of on the locomotive, in one of the cars composing the train.

The purpose in providing trains with speed recorders is to educate engineers to strive for smoother running and also to educate train crews and station crews to faster work at stations.

The new machine not only makes but also records all stops and their duration. A complete check thus is kept on the engine and train crews.

The speedometer is inclosed in a glass case, and cannot be tampered with unless the glass surrounding it is broken.

Seven Killed in Explosion.

New York, Aug. 26.—A boiler on the coal barge Patterson, which usually plies between New York and Boston, exploded Friday at Lang's Docks, in Hoboken, killing M. Hopkins, of Boston, the engineer, and six other men. The boat had been lying at the docks several days and Friday preparations were made to get under way.

Banker Falls Dead.

Bloomington, Ind., Aug. 26.—P. K. Buskirk, of this city, former president of the First National bank and prominent in other business pursuits, fell dead here. Death was due to heart trouble.

H. Revills was arrested Saturday night at the instigation of two white men, names unknown, who stated to Officer Ellis that he had sold them liquor. Officer Ellis made a thorough search of the premises occupied by Mr. Revills, but was unable to find a drop of intoxicating beverage. However, he was required to give bond for his appearance Monday morning, when the case was continued until Tuesday. It has been said by those who should be in a position to know that there is absolutely no evidence of consequence against the defendant, and that he will be enabled to produce witnesses exonerating him entirely from the charge, who were said to be present every moment of the time the two prosecuting witnesses who claimed to buy the "beans" were there. The outcome will be watched with considerable interest.

Attorney R. A. Thrasher is representing the defendant.

GIVES A PERFECT SKIN.

Sulphur in Liquid Form Adds to the Beauty of Women.

"Beauty is only skin deep," but you cannot be beautiful if you have bad skin disease or bad complexion. Hancock's Liquid Sulphur quickly cures eczema, tetter, sores, eruptions, blotches, and all skin diseases. Apply Hancock's Liquid Sulphur Ointment to the face just as you go to bed and it will soon give you a smooth, velvety skin.

Taken internally, Hancock's Liquid Sulphur purifies the blood and clears up the complexion. A few spoonfuls in hot water makes the finest of sulphur baths. All druggists sell it. Sulphur Booklet free, if you write Hancock Liquid Sulphur Co., Baltimore.

Dr. W. W. Leake of Orlando, Fla., who was cured, says: "It is the most wonderful remedy for Eczema I have ever known."

North Carolina Tragedy.

A recent report comes from Asheville, N. C., through the Associated Press, to the effect that Conductor J. W. Bronson of the Southern Railway was stabbed and probably fatally injured by Ed Miller, a well-known character, in an attempt to collect an old debt from Miller.

The wife of Captain Bronson, who is a niece of Mrs. Helen T. Chesnut and Mrs. A. R. Elmore, is well known here, where she has frequently visited from Columbia, S. C., her home.

Death of Deserving Woman.

Editor Sun: Please allow me to say through your paper that the entire community was saddened on Thursday, August 22nd, on account of the death of Mrs. Roena Wilson. She leaves four small children, two brothers, one sister, and a host of relatives and friends to mourn their loss. She died in full triumph of faith. She had lived a consistent member of the Methodist Church for more than ten years.

But what makes the sadness is that her dear children are left absolute orphans. We are encouraged through the Great Friend of Orphans to do whatever we can for the comfort and rearing of her dear little ones.

Sincerely her brother,
S. G. GAINEY.

GREAT INTEREST IN COMING CONVENTION

Of The Florida Postmasters of the Fourth Class.

A BIG TIME IS ANTICIPATED

State President Weeks Issues a Circular Calling Convention, and Urging a Full Attendance—Meeting to Convene Here September 24.

There is being manifested a considerable interest in the approaching convention of the Florida Postmasters of the Fourth-class, of which Postmaster Geo. M. Weeks of Glen St. Mary is the State president.

Postmaster L. C. Lynch, Assistant Postmaster J. P. H. Bell, and in fact the entire force of the local postoffice, are anticipating this meeting with a great deal of pleasure, as the coming together of such a large aggregation of integrity, as will be found in these delegates, is bound to prove of much benefit to all concerned, for it is here that new ideas will be exchanged, working great good and advantage to the postmasters who attend.

This meeting, as has already been stated in a previous issue of The Sun, will be called on Tuesday, September 24, and will likely continue for three days. The sessions will be held in the Elks' lodge room, Postmaster Lynch having made arrangements with the order to convene there.

State President Weeks has issued a most interesting circular to the postmasters of the fourth-class, urging every one of them to be present, and there will be no doubt be a ready response to this request.

In speaking of entertaining the delegates in its issue of Saturday, The Sun made a remark which is likely to create a misunderstanding among our people. It was suggested that those who were willing to entertain delegates confer with Postmaster Lynch. Mr. Lynch desires to correct the impression that the delegates expect to be entertained in the homes of our citizens, but it is no more than right and proper that they, as a body, be extended the hospitality of the residents, collectively and individually. It has been suggested that they be given a drive about the city, visiting the University and other places of interest, and that other like courtesies be extended the visitors, which will no doubt be done, as Gainesville people enjoy a reputation for hospitality throughout the entire State.

CURE BY CUTICURA AT CITY MISSION

Young Woman Found in Awful Condition with Scabies—Body a Mass of Sores from Scratching—Tried Many Remedies for Seven Weeks—Result Was Discouraging, But

ITCHING TORTURES YIELDED TO CUTICURA

"While I was doing missionary work in the lower portion of several cities I found it necessary to know a little of the efficacy of a few medicines and after a while I found that a little knowledge of Cuticura was about all I needed. One of the very bad cases I had to deal with was that of a young woman who had come to us not only broken in spirit but in a most awful condition physically. Our doctor examined her and told us that she had scabies (the itch), incipient paresis, rheumatism, etc., brought on from exposure and the effects of her ragged-edged life. Her poor body was a mass of sores from scratching and she was not able to retain solid food. We tried many things, a good tonic was prescribed and baths with a rubbing of lard and sulphur. We worked hard for seven weeks and you can imagine how discouraged we were when, after all that time, we could see so little improvement. One day I happened to see a Cuticura advertisement telling how a little baby had been cured of a bad case of skin eruption, and although I had but ninety-seven cents with me, I bought a cake of Cuticura Soap and a bottle of Cuticura Resolvent. When I reached home I was like a child with a new toy, and we bathed our patient well and gave her a full dose of the Resolvent. She slept that night better than she had since she had been with us and the next day I located the price of a box of Cuticura Ointment. I am not exaggerating when I say that in exactly five weeks this young woman was able to look for a position, being strong enough to work and full of ambition. In another month she left the home, and now has a good position in a nice family where she is respected and is strong and well. You may refer any one you wish to me, personally. Laura Jane Bates, 85 Fifth Ave., New York, N. Y., Mar. 11, 1907."

WILL PLAY BALL HERE.

Monticello Team Will Give Oak Halls Three Games This Week.

It will be good news to the local fans and enthusiasts to learn that there has been scheduled for this week three games, all of which promise to be exciting.

Manager Tison of the Oak Halls has been negotiating for several days with the Monticello team for a series of games, and has received information that the West Florida boys would arrive on Wednesday, playing Wednesday, Thursday and Friday afternoons.

The Monticello team is regarded without doubt the strongest and swiftest west of the Suwannee river, which mighty near means the strongest amateur team in the entire State. They seldom leave the diamond without victory, but our boys are determined that they will have to work if they wrench the honors away from them. They are practicing daily, and have never been in better trim than for these contests.

It is the duty of everyone who can do so to attend these games. An exciting time is guaranteed at each event, and those who miss the opportunity will lose the chance of seeing some fine work in the profession of ball playing.

ACCIDENT TO MR. M'DOWALL.

While Fox Hunting Near Newberry Fell from Horse and Injured.

While hunting foxes with Geo. W. Livingston, Arthur Read and others near Newberry Friday night, John W. McDowall, well known in this city and throughout the county, was thrown from his horse, sustaining painful and probably serious internal injuries.

The injured man was taken as quickly as possible to Newberry, where medical attention was rendered.

Friends of Mr. McDowall trust that the injuries will not prove fatal, and that he will soon be out again.

DAYTONA BEACH NOTES.

Items of Interest Regarding People We Know at That Resort.

Daytona Beach, August 24.—Daytona Beach is still alive with Gainesville people.

Mr. and Mrs. Livingston came down on the 15th and are pleasantly located at "Blarney Castle," a very desirable cottage on the beach. After staying a few days with his family enjoying fishing and surf bathing, Mr. Livingston returned to Gainesville.

Oscar Thomas came down on the 17th inst., hoping that the change would benefit his health, and he surely seems much improved. He says if an appetite for plenty to eat is any indication, he is on the right road to good health.

Mrs. J. W. Alsop and niece, Miss Connie Daughtrey, are expected today, and will be guests of the Surf Crest, where C. W. McDonald and family are staying.

Mr. and Mrs. E. M. Weston made Daytona Beach a flying visit on the 22nd. They took their many friends here by surprise, but that did not keep them from offering congratulations. They were here only one afternoon. This happy couple are visiting New Smyrna, but will visit Daytona Beach before returning to Gainesville.

This week has been very gay. The baby show came off on the 22nd. About thirty babies were entered. Fourteen of these received prizes for the different attractions and cute ways that babies are noted for. The little four-months-old baby of Mr. and Mrs. George Johnson won the prize for being the fattest, and indeed he surely deserved it.

On the 21st there was a fancy dress skating exhibition at the Casino, which afforded much amusement and pleasure to the people.

New arrivals yesterday were Mr. and Mrs. Baker and family from Gainesville.

Marcus Endel and wife are here from Jacksonville.

Among the Gainesville boys we see Sam Mixson, Albert Vidal, Holland Fay, Ray Driver, Wallace Parham. No doubt they can tell some great and pleasant experiences when they get back home.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy the germ but Newbro's Herpicide. Destroy the cause, and you remove the effect. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WASHINGTON LETTER.

Special Correspondence The Daily Sun.

Washington, D. C., August 2[illegible]—Democratic politicians in Washington are finding a good deal of inter enjoyment in the differences which their friends the Republicans are experiencing with the tariff question. Secretary Taft has come out in the speech which is understood to be the platform on which he will stand for the nomination of his party for tariff revision to take place after election or "eighteen months hence" and it is known that President Roosevelt read and approved Mr. Taft's utterance before it was delivered. Moreover Mr. Taft says that he is convinced that in order to win the Republican party must pledge itself in its next national platform to this program and the President is known to hold the same view. These views of the party leaders however cause indistinguished agony to those staunch old protectionists who have always been the boss and shown of the party and "Roman John Dalzell," who is sent to Congress year after year by the steel trust, and made a member of the most influential committee of the House, that on rules, by Speaker Cannon, to please the same corporations is groaning so loudly that his wail can be heard all the way from Pittsburg to Washington. Speaker Cannon is also in severe distress because he well realizes that his long record as a "stand patter" naturally unfits him to succeed himself as speaker of a house elected on such a platform as the President and Secretary Taft propose. Were it not for the fact that the venerable "General" Grosvenor of Ohio had fallen by the wayside, so to speak—in other words failed of re-election—his wail of grief would already be pierting the turbinet atmosphere all the way from San Francisco to the Atlantic coast.

To hear the good, old-fashioned Republicans, men of the stamp of Vice-President Fairbanks, Senator Aldrich, Senator Foraker, Senator Cullom, Senator Hale, Governor Hughes and others still among themselves about Theodore Roosevelt and the Republican party, one is reminded of that story once famous in popular fiction, of the scientist who so far perfected his science that he created a man, although he was unable to endow it with a soul. His creation dogged his footsteps all his life, proved a veritable nuisance, and when he finally, in desperation, took the life he had created, he committed suicide from remorse. So, my these Republican leaders, the Republican party created Roosevelt, but he has proved to be a man without a Republican soul, at least. His policies are Democratic, not Republican. He has not hesitated to borrow from Mr. Bryan, or from any other source, anything he regarded as good, and he has so far had the people with him as to compel his Republican brethren in Congress to support measures which were in the last degree repugnant to all that has hitherto stood for Republicanism. And now, to augment and refine the agony of the old-fashioned Republicans, Mr. Roosevelt seems bound to inflict the party with another man of his own stripe in William Howard Taft. Truly, in these days of progression, the way of the Republican is hard.

Democrats in the national capital are greatly interested in the obvious fact that the President and Secretary Taft have come to the conclusion, that William J. Bryan will again be the Democratic standard bearer, and they assert that the attention which Mr. Taft paid to Mr. Bryan in his key-

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Take Hall's Family Pills for constipation.

A Macon, Ga., man asks "Where are we meandering? Did you ever see the like in all your born days? Where are our vested rights invested? We can't take a drink, can't smoke a cigarette, can't ride on a free pass, can't sleep on a second-hand sheet, can't talk to our member of the Legislature, can't arrest a loafing nigger, can't cuss—can't do anything but pay taxes. Thank Heaven, they haven't taken that right away from us, but I'm looking for something worse."

The Apalachicola Times remarks that with but seven wet counties remaining in Florida, the suggestion made that a constitutional amendment be submitted to the people prohibiting the manufacture or sale of liquors in the State, would hardly be worth the candle. And the prohibition sentiment is growing every year, until finally the traffic will be eliminated, not only in Florida but in every State in the South, either by local option or by constitutional provision.

Those Hendersonville, N. C., people who became so jealous of Dr. Clarence B. Stevens as to resort to an effort to defame his good name, have already realized their mistake. The Doctor is making a grand success of the Chautauqua, and has the confidence and support of the best people of the community. He will prosecute his defamers, it is said, in the courts, and some of them may have to "do time" for the State.

The striking telegraphers are now talking about prosecuting the telegraph companies for transmitting messages through the mail. It would seem just about as reasonable to sue a man for eating with false teeth.

IN MEMORIAM.

Resolutions of Respect on the Life of the Rev. J. C. Ley.

Death has again sounded an alarm at our inner door, calling from labor to rest our beloved brother, P. M. J. C. Ley, who reached the ripe age of eighty-four years and eight months. Brother Ley was a Mason for over fifty years, having joined Micanopy Lodge, No. 29, in 1856. He was always ready to do his part when opportunity permitted. Duty lay heavily upon him, and his vows as a member of the Masonic brotherhood were kept intact; the order, therefore, has lost a faithful member in the deceased. As a minister of the gospel he was like the apostle Paul—in labors abundant, in perils oft, in sufferings without measure. The church, like our fraternity, has suffered by his removal, for not only was he a pioneer, but also a bulwark and a defense for all that made righteousness and peace. The cross of Christ was ever before him and its glory led him on to tell the old story of Jesus and His love for lost and ruined sinners.

The commonwealth has suffered by the removal of our fellow-citizen and the State at large is under lasting obligations to such lives as that of Rev. J. C. Ley, a man of culture and well read in the things pertaining to the advancement of the people.

His patriotism and love for law had always marked him as one of the first rank in helping others to a better condition of social life. Without pride or pomp he filled his place as a spiritual adviser for the period of sixty-three years; he was held in highest esteem by his brethren in the ministry; he has been honored by the Masonic fraternity, and his name will ever be revered and handed down to posterity as one worthy of emulation. The whole State will mourn with those of his family who are left, more especially the community in which he lived so long and labored for their good in every way. Our brother was twice married, first to Miss Julia Wade, in the year 1849. This union was of short duration, as his wife died within a year. Again, on July 4th, 1853, he was married to Miss Martha Smith Pottle, and for over fifty-four years they travelled together for better and for worse. When the way was dark and times were hard they encouraged each other. This companion survives him, with three sons, who all reside in Jacksonville. For them we pray the blessing of Israel's God, who doeth all things well.

Servant of God, well done!
Rest from thy loved employ,
The battle's fought, the victory's won,
Enter thy Master's joy.

At our Lodge of Sorrow it was unanimously resolved to thus express our esteem for our departed brother, also to extend our sympathy for the bereaved family. Resolved, also, that a copy of this be spread upon the records and placed in the archives of the lodge; also, that a copy be sent to the widow and family of the deceased, all of which is done by the will of the lodge and order of the Worshipful Master.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful, yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

NEWS OF CITY AND COUNTY CONDENSED

S. G. Gay and H. H. Herrin, the naval stores operators of Micanopy, were business visitors to this city yesterday. The former proceeded to Jacksonville on the afternoon train.

This is one time when yielding to temptation is a blessing in disguise, for you cannot realize the many surprises you will get at the "New Kind of a Store." Gainesville 5 and 10-Cent Store.

The Tampa and Jacksonville railroad offers rates to White Springs and return as follows: Tickets good going Saturday and returning Tuesday, $2.50. Tickets going and returning Sunday, $2.

Cashier E. D. Turner of the Dutton Bank is making extensive repairs on his home in North Gainesville, which, when completed, will make it one of the most desirable residences in that thriving section.

O. C. Tousey and daughters, Misses Nina and Annie, are at home again, after a delightful visit of several weeks to their old home in Cloverport, Ky., and other points in the Blue Grass State. Friends are glad to have them home again, and glad also to know that their sojourn proved of great benefit.

W. T. Waters of Lake Simonton was in town Sunday and renewed his subscription to The Sun. He is now the possessor of probably the finest well of water in that section, the depth being 142 feet, and the water as cool as that which comes from any spring in Florida. Mr. Stevenson of Boardman drilled the well, and Mr. Waters speaks in the highest terms of his work.

Deputy Sheriff L. E. Story of Windsor was in the city Saturday. He brought a negro, Jim Williams, convicted more than a year ago in this county for whipping his wife, but who got away while the officer was taking him to camp. Williams was captured at Eau Gallie by Mr. Story, who ascertained his whereabouts and captured him without trouble. He must now serve his time.

W. W. Ellis and two children of Brooksville passed through the city en route home from Macon, Ga., where they were summoned on a sad mission—that of attending the funeral of wife and mother. Mrs. Ellis died in Atlanta Monday night, and the remains were taken to Macon, her former home, for interment. Mr. Ellis, who is a conductor on the Atlantic Coast Line, is well known in this section, and his friends extend sympathy.

It will be gratifying to the many friends of James H., the young son of Mr. and Mrs. H. A. Fisher of North Gainesville, to learn that he is now on the road to recovery from a recent severe attack of typhoid fever in Louisiana, where he went several months ago. In a letter to his mother he states that he is now clear of fever and that as soon as he is able he expects to go from Louisiana to Manistee, Ala., where his father and brothers are now engaged in their profession as bricklayers.

DEATH OF GOOD MAN.

Judge R. H. Stringfellow Passed to His Reward Saturday Night.

This community was shocked Sunday at the information of the death of Judge R. H. Stringfellow of Hawthorn, one of the oldest and most widely known residents of the East End, which occurred at the home of his daughter, Mrs. J. O. LaFontisee, Fernandina, Saturday.

Deceased was about sixty years of age, and had been a resident of this county for many years. He reared a large and interesting family, and was always one of the leading spirits of his community. He has been for many years a member of the Presbyterian Church, and was also a Mason, standing high in that order.

No particulars of the death could be learned, but it was ascertained that the remains were taken to Hawthorn, where the interment was held Sunday, the Masonic fraternity conducting the services.

Deceased is survived by a widow and several children, to whom the sympathy of the community is extended.

QUARTERLY CONFERENCE.

Adventists of Florida and South Georgia Will Worship Here.

The Advent Christians of South Georgia and Florida will meet with the church here in quarterly conference, Wednesday, August 28, to continue three days.

There will be preaching each morning at 11 o'clock and in the evenings at 8 o'clock by visiting ministers. Everybody has a cordial invitation to attend these services.

STRANGE EXPERIENCE.

Young Man Held Captive by Four Men for Over a Year.

Lancaster, Pa., Aug. 26.—Like one risen from the grave, Frank Montgomery, 25 years old, has returned to the home of his parents in this city after an absence of more than a year.

Montgomery left Lancaster last August for Gapland, a town in western Maryland, to wed Miss Malvina Castle. At Hagerstown he procured a marriage license, but he strangely disappeared in that city. He states that while walking along the street he was felled by a blow on the head. When he recovered consciousness he was in a strange country in the custody of four men, who threatened him with death if he attempted to escape.

They finally entered Mexico and one night last June while two of the captors were absent and the others were asleep, Montgomery escaped near the town of Alamo.

BRIEF DISPATCHES.

Advices from Berlin report that Johnny Reiff, the well known American jockey has been engaged to ride for a prominent German turfman at a salary of $50,000.

King Charles of Portugal, has granted amnesty to all those who were implicated in the recent agrarian revolution with the exception of about 200 militant priests. The prisoners, whose total was about 3,000, will be released forthwith.

James W. Moore, aged 63, a leading manufacturer, an officer of the Home Telephone company and a former Mayor of Richmond, Ind., is dead.

Alice, the fifteen-year-old daughter of Allen Ratliff, of Ashland, Ky., while playing in the top of an old apple tree at her home, near Pikeville, fell 20 feet to the ground and died two hours afterward.

Advices from St. Petersburg state that the statistics regarding contraband during the year 1900 show that the corps of frontier guards made 31,000 arrests, seizing altogether $95,000 worth of smuggled goods.

Police Judge Weller, of San Francisco, has overruled the motion for arrest of judgment and a new trial in the case of Emil J. Zimmer, vice president of the Pacific States Telephone company, convicted of contempt in Judge Lawler's court. He sentenced Zimmer to three months in the county jail. Notice of an appeal and bond given in the sum of $1,000, Zimmer was allowed his liberty.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine, for these troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

Georgia Railroad Train Wrecked.

Augusta, Ga., Aug. 24.—The Georgia passenger train, No. 28, was wrecked near Robinson, 70 miles from Augusta, Thursday night. E. T. Hubert, an express messenger, and W. H. Carey, a negro postal clerk, were slightly injured. No other injuries were reported. Five cars were derailed. The cause of the wreck is not known.

Frenchmen Wounded in Fight.

Casa Blanca, Aug. 24.—Twelve Frenchmen were wounded during the fighting Wednesday morning. They include Captain de Tulles, of the foreign legation. A battery of 75 millimeter guns disembarked ef- transports produced a tremendous effect upon the enemy. The Arabs showed reckless courage, though.

Slew Her Stepfather.

Charleston, Mo., Aug. 26.—Miss Annie Willard, a pretty 19 years old girl, slew her stepfather, N. Wattly, in this city. Wattly attacked his wife in their home and the girl came to the rescue of her mother with a shotgun. She shot his ead off, and then surrendered.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by W. M. Johnson.

S.S.S. FORTY YEARS OF CURES

Long experience and thorough testing have proven S. S. S. to be the King of blood purifiers and the greatest of all tonics. For nearly half a century S. S. S. has been used in the treatment of blood and skin diseases of every character, and so satisfactory have been the results that it is now the best known and most widely used blood medicine on the market. S.S.S. attracted attention as soon as it was placed on the market by curing promptly those diseases for which it was recommended, and we have so jealously guarded its first good reputation, by keeping it up to its standard in manufacture, that it now has the unequalled and pleasing record of *"Forty Years Of Cures."* For Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Malaria, Skin Diseases, Contagious Blood Poison, and all other diseases due to an impure or poisoned condition of the blood, there is nothing that equals S. S. S. It counteracts and removes the germs and poisons, cleanses the system of all unhealthy matter, cures the trouble permanently, and restores strong, robust health. Where the blood is weak or anaemic and unable to nourish the system as it should, S. S. S. supplies it with the needed properties, and being a bracing, invigorating tonic it builds up the entire system. It goes to the very bottom of all blood disorders, and in this way reaches deep-seated and inherited cases on which the ordinary sarsaparillas and tonics have little or no effect. Not only is S. S. S. certain in its results, but it is an absolutely safe medicine. It enjoys the distinction of being the only blood medicine on the market that is guaranteed purely vegetable. If you are in need of a blood remedy begin the use of S. S. S., the medicine that has proven its worth by its record of forty years of cures. Book on the blood and any medical advice you wish. No charge for either. THE SWIFT SPECIFIC CO., ATLANTA, GA.

DEATH-BED CONFESSION.

Light at Last Thrown on Baffling Murder Mystery.

Chicago, Aug. 26.—A death- bed confession that is expected to clear the mysterious murder of William Bate, Jr., who was shot dead in an automobile on the night of November 19, 1904, on the lonely Sag road, caused a sensation in the Chicago police circles when stated.

James Kirk, who is reported to have died at Lambert, Ill., is declared to have made the statement that throws remarkable light on the most baffling murder case that ever confronted the police of these regions.

"Tell the officials they need look no further for the man who shot Bate."

According to a telephone message received at Central station the statement was made before witnesses.

Kirk was one of the two brothers who conducted a road house on the route taken by Bate and "Mr. Dove" on the way to Joliet on the night he was murdered. Detectives learned that he had stopped at the road house on the night of the murder.

According to the story told by the Kirk brothers Bate entered their road house with another man who corresponded in description to his passenger on the night he met his death.

During the subsequent investigation by the police this man was popularly known as "Dove." He gave his name to the telephone operator at Canary's Garage, where Bate was a chauffeur. He picked up the mysterious Mr. Dove at the Auditorium Annex. Several hours later the automobile was found stranded on the road. Bate was found dead on the machine, shot in the back of the head.

NORTH CAROLINA RATE CASES.

Southern Declines to Accept Governor Glenn's Proposition.

Washington, D. C., Aug. 26.—The Southern Railway declines to accept the proposition made by Governor Glenn to terminate the hearings before Standing Master Montgomery in the North Carolina passenger reduction case pending a final determination in the cases involving jurisdiction, which have been appealed to the supreme court of the United States.

Announcement to this effect was made by General Counsel Thom, of the Southern, shortly after his return from New York, where he presented the proposal to President Finley and the other executive officers of the Southern. Mr. Thom made known the decision of the railway to Speaker E. J. Justice, one of the attorneys engaged, especially to represent the Carolina governor in the rate law fight.

The statement was made by Mr. Thom that the Southern railway intends to stand by the agreement reached in Raleigh, when peace was restored between federal and state authorities. The railroad officials, it is understood, were prompted to take this course, believing that they have a chance to win out before the supreme court of the United States.

$30,000 Fire at Etna, Ga.

Etna, Ga., Aug. 26.—Fire Friday morning destroyed the large No. 2 ore washer of the Etna Iron and Steel company, of Etna, Ga., together with a locomotive and a number of cars. The loss is $30,000, partly covered by insurance. It is thought that the fire was of incendiary origin. Over 75 men are out of employment as a result of the fire.

Accidental Success.

"In literature," said a publisher, "popular success frequently comes by accident. A remarkable case was that of J. H. Shorthouse. This man, a poor chemist, spent some years writing a book called 'John Inglesant.' But the publishers would have none of 'John Inglesant,' and finally Mr. Shorthouse printed 100 copies at his own expense.

"Only forty of these copies sold, one purchaser being a photographer. The photographer took Mr. Gladstone's picture some weeks later, and the old man chose a studious pose, sitting with a volume in his hand. He bent in absorption over the work, which happened accidentally to be 'John Inglesant,' and in the thousands of copies of the photograph that were sold by accident the book's name was plainly to be made out.

"Mr. Gladstone was regarded as a great critic, and the people thought he desired to recommend 'John Inglesant.' What was the result? Within the year 30,000 copies of 'John Inglesant' had been sold, and Shorthouse was a made man."

A Fine Morning.

"Fine morning, your honor," affably remarked the man who had been arrested the night before for being drunk and disorderly.

"Yes, indeed," responded the justice, "quite a fine morning—in fact, a ten dollar fine morning."

One Gleam of Sunshine.

His play is a rank failure.

It is a frost and a fizzle, and he knows it.

The dramatist bows his head upon his hands and refuses to be comforted, for it is his first flunk.

One by one his friends try to say something that will console him, but to no avail.

Finally his fretting wife finds one sunny gleam in the clouds.

"Anyway," she said, "you didn't have to go through the ordeal of making a speech before the curtain, and you know you always said you would be thankful beyond words if you could escape that."—Success Magazine.

Late Already.

Five minutes after the tardy gong had struck the principal of the school was walking through the lower hall when he saw a pudgy little fellow scampering toward the first grade room as fast as his fat legs could carry him. "See here, young man, I want to talk to you," called the principal to the late comer. "I hain't got time to talk to you; I'm late already," replied the breathless beginner as the door of his classroom closed.—Circle.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

HOW BONNER WON SUCCESS

The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and ingenious advertising. When he began the publication of the paper whose phenomenal success brought him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.

> He forced his enterprise upon public attention by a systematic lavishness of expenditure for advertising which at that time was without precedent or parallel. Whole pages of daily newspapers were secured at high prices to blazon forth the merits of his undertaking.

From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.

Conservative publishers, jogging along in the ruts of old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and those receipts increased with startling rapidity.

Every dollar disbursed in this way brought in more dollars until croakers were confounded and pessimists in this particular branch of business silenced by his tremendous success.

The lesson is one that is as well worth heeding today as it was forty years ago.—Philadelphia Bulletin.
